About Norva24

Norva24 is the leading northern European player in the UIM industry^[1] and offers UIM services, such as emptying services, pressure flushing and pipe services. On September 30, 2024, the company operated more than 80 branches^[2] in Norway, Germany, Sweden, and Denmark, with approximately 2,000 employees. The company's history dates back to 1919 and Norva24 has since evolved from a company with Norwegian roots to being a market leader in UIM services in Norway, Germany, Sweden and Denmark. Norva24 has a history of completing acquisitions to enter new markets or to consolidate its local market position, taking advantage of the highly fragmented UIM market in Europe, which is characterized by mostly small, local companies. In its four markets, the company has conducted more than 50 acquisitions since 2015.
